

**Peter Pan**  
**Written By: J.M. Barrie**  
**Includes DVD**  
**17 Chapters / 159 pages**

For children, Peter Pan remains a marvelous mix of fantasy and adventure featuring imaginative characters in an enchanted land. For adults, Peter Pan works on a much deeper level speaking to them about the inevitable loss of childhood and the ability to fly. The climactic dual between the proud Pan and the sinister man (Captain Hook) is a poignant struggle between innocent but irresponsible youth and tainted but dependable maturity. Neither side wins for the one inevitably becomes the other. Of course the ageless Peter Pan is the exception.
